<p>PRAYING “THE WATCH”</p>	<p>Father In The Name of Jesus, We thank you for bringing us safely to the first watch of the night. Thank you for your divine protection and for your Spirit that always leads us into truth. Your church is built on your truth and we are thankful that the gates of hell will not prevail against it. We pray that you give us your wisdom, knowledge and understanding on how to possess the gates of our cities, provinces and nations.</p> <p>By the authority given to us in the Name of Jesus, we take possession of the gates of our city against the enemy and the workers of iniquity. We render every curse ineffective and speak blessings at the gates of our cities. We speak God’s Word during this time, and we declare blessings into the atmosphere. As the Word of God penetrates the realm of darkness, let His light shine forth and be seen in the lives of all God’s children.</p> <p>We cry out this evening for our children Lord. Cover and bless them Lord. So many of our children are out in the streets with no food, clothes or shelter. Watch over the Lord as only You can and meet every need. Bless their families and make provisions for their needs to be met both naturally and spiritually. We thank you Lord for Your power that draws people from darkness into your marvelous light. Let the eyes of the blind be turned from darkness to light, and the eyes of their understanding be enlightened. Let the Word of God destroy every word curse and release the anointing which breaks all yokes of bondage.</p> <p>In the name of Jesus, we have power over the gates of hell to release our family, our churches, our cities and our nations from every attack of the wicked one. We silence the voice of every demonic and lying spirit. We declare that lying lips and those who speak arrogantly in pride and contempt against the righteous are brought to silence. Thank you Father for the promise that we will possess the city gates of our enemies. We stand in Faith and we stand in your Word this evening in Jesus mighty name. Amen!</p>
